Exactly solvable one dimensional quantum many particle systems

3 CFU

Teaching staff

Luigi Amico

Email: lamico@dmfci.unict.it

Office: DFA-UniCT

Telephone: +39 3923637502

Reception hours: Monday-Thursday 12-13

Program of the course:

Integrability and exact solution of the bosonic quantum field theory in one spatial dimension through the Quantum Inverse Scattering technique.

Exact solution of quantum many-particle systems with pairing force interaction.

Integrability of bosonic quantum field theories.
